

THE ART OF HOME

Milan is art and design, fashion and food, great sights and events. It's a city of international élan, a crossroads of cultures that reinvents itself day after day to show you the world with fresh eyes every time. Situated in the heart of the design district of Brera, Casa Baglioni is an emblem of Italian hospitality excellence. Its intimate size and personalised service complement a curated programme of unique tailor-made experiences in a celebration of Italian spirit and culture.

BETWEEN ART, DESIGN AND CULTURE

Casa Baglioni Milan is close to the many luxury boutiques, art galleries, antique markets and chic cocktail bars. Its spaces draw inspiration from the art and design of 1960s Milan, with a harmonious blend of colour and lighting. The property offers 30 suites and rooms, a living area, a gym, an impressive wine cellar and the gourmet restaurant by Michelin-starred Chef Claudio Sadler.

ROOMS AND SUITES

Casa Baglioni offers 30 colourful, luminous rooms and suites all designed by Milanese architects Spagnulo & Partners. The spaces are embellished with major artworks by Italian and international artists from Enrico Castellani and Agostino Bonalumi to Carla Accardi and Hans Hartung. The pieces from designer Gala Rotelli's "Cromie domestiche" collection are a particular feature – a symphony of metalwork, colourful glass and hand-decorated craft ceramics in simple, archetypal forms with vivid primary and secondary colours.

BRAND PARTNERS

Our partners include several supreme exponents of Italian-made savoir-faire and all the tradition and innovation they embrace. One such, Borsalino, is the country's oldest specialist maker of fine luxury hats, a pioneering Made in Italy brand. Casa Baglioni guests can enjoy an exclusive Made to Measure experience in the comfort of their suite to design their own personalised hat and hand-select the exquisite materials to make it. In addition, the lighting is by Panzeri, the wallpaper is by Rubelli, the fabrics are by Dedar, and Zucchetti has created the taps and fittings.
